
Acts 4:23-31 Power with God and Power with Men

Peter and John had been arrested and threatened, but the Holy Spirit gave them courage to stand strong and they chose to witness boldly before the leaders of the country. They were released and immediately returned to the group of believers to share all that had happened and then they all prayed.

Think

In their prayers they remembered Psalm 146:6 and Psalm 2 and what these psalms teach about God. What do we learn about their theology (what they think about God) from their prayer?

Talk

1. What do they ask the Lord to do in their prayers?
2. What were the results?
3. What principles of prayer can we learn from this passage?
4. How can we learn to pray more like this group did?

Act

Pray as a group and begin to boldly ask God for things that only he can do!
